## 1. Mardo

### **Key Features**

| Tiny Home              | Loft for sleeping/extra<br>storage |
|------------------------|------------------------------------|
| Open plan living space | 112 square foot                    |

#### **Full Description**

The Mardo was designed as a tiny home that can be built on wheels or on a foundation. It is perfect for a single person or couple looking to live smaller! This cabin cleverly maximises space. It has a small kitchen and bathroom, and an open plan living space with stairs leading up to the sleeping loft and storage space.

#### **Room Dimensions**
